RAILWAY POSTAL CLERKS Increased Expenditure Will Be Taken from Revenues of Railroads

Washington, Sept. 15 .- Promotion for is,000 rallway postal clerks on Oct. I will be provided in orders to be issued today by Postmaster General Hitchcock. In the rallway mail service there are 16,700 clerks, and a majority of these not promoted on Oct. I will receive more pay before the end of the current fiscal year. More than a million dollars will be expended in making the promotions.

An organisation of the mail service and increased pay for postal clerks were authorized in the recently enacted postoffice appropriation bill. The project was urged by Postmaster General Hitchcock in the bellet that it would result in far greater efficiency is the service and in the making of promotions along fairer lines.

Although more than \$1,000,000 a year will be involved in the increase, it will cost the government no more. Postmaster General Hitchcock has perfected a plan to save that amount by a rearrangement of rallway mail car space and the amount the government page annually to the railroads.
